

GREAT OPPORTUNITY

OPPORTUNITY FOR WC CHAMBER MEMBERS

THE WEST CENTRAL CHAMBER OF COMMERCE is launching a brand new email newsletter starting in January 2010. What does this mean for you?

- Chamber members can submit articles about your business happenings.
- Members will have opportunities to advertise at a reasonable cost.
- The E-newsletter will be delivered to all members and other subscribers* who express interest in the Chamber's members and activities.

Why an E-newsletter?

- Keeping in touch with members on a regular basis is vital to a sound Chamber. You'll be kept up-to-date on what activities the Chamber has planned, who to contact, how to get involved.
- Email communication is a very cost-effective tool so your Chamber can effectively utilize every dollar in the budget. And combined with our web site, www.wcchamber.net, it's a powerful tool to help promote the success of all business in the area the Chamber serves.
- Email communication is like just-in-time manufacturing, it's there to use right when you need it.

You are invited to get involved, and use the E-newsletter to promote your business or organization. You'll be in touch with like-minded people who are looking for information, contacts, customers and new ways to collaborate, just like you!

If you have questions about how to submit articles, or general information about the E-newsletter, contact Chamber board member Jeannie Byers, communications committee chair, at 404-2629, or jeannie@jeanniebyers.com. For advertising or information regarding featured business listing, contact Chamber Coordinator Jami White, 762-6767, or wcchamber@yahoo.com.
